# DRUGS:

# The Drug Jungle

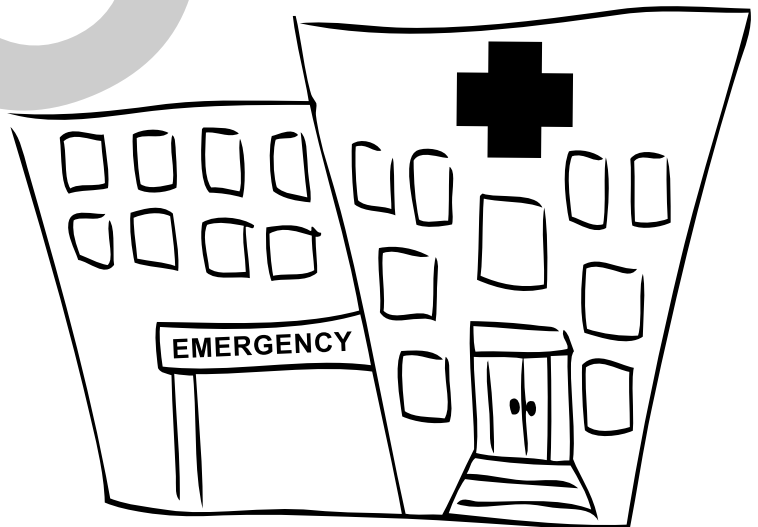

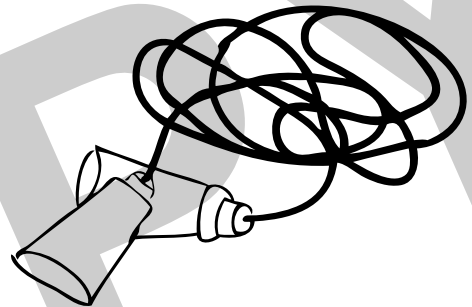

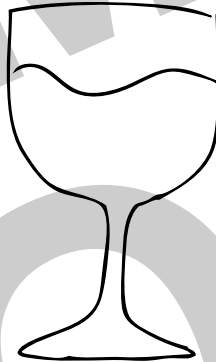

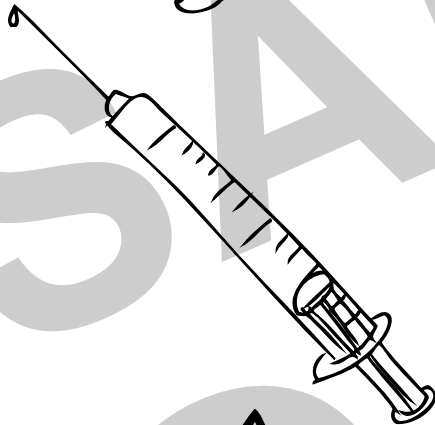

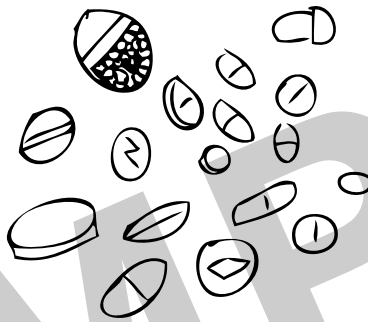

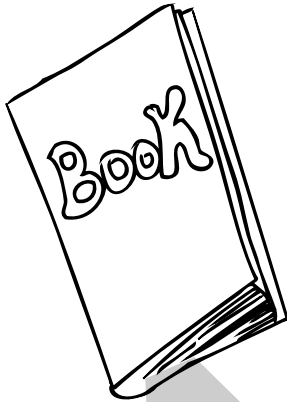

Help Monty steer clear from danger and find the drug free path.

# Home Sweet Home

Don't make a bad choice that could make you really sick!

Draw a green line to connect fun and healthy things to keep you safe at home, and draw a red line to show what kind of choices could make you go to the hospital.

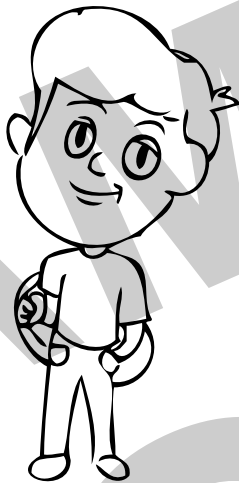

# Only sick people need drugs.

Since some drugs can help you, it's ok to take drugs from some people. It's ok to take drugs if your parents or doctor gives them to you.

Draw an X over the people who should never take drugs from.
